

## IN BRIEF

### NITK holds orientation for B.Tech students

The National Institute of Technology - Karnataka, Surathkal, organised an orientation programme for 2022-2026 (fresh) batch of B.Tech students on Thursday. More than 1,000 students attended it. Director (additional charge) of the institute Prasad Krishna said that when India would celebrate its centenary of Independence, it would have a number of skilled personnel. "The world will then turn to India placing demand for skilled personnel," he said and asked students to attain skills in various fields. Director of Intel Corporation Ramesh Krishnan also addressed the students, a release said.
